

```
1 package main;
2
3 import java.io.IOException;
4 import vista.Vista;
5
6 public class Main {
7
8     public static void main(String[] args) throws IOException, Exception {
9         Vista vista = new Vista();
10        vista.menuPrincipal();
11    }
12 }
13
```
